

External Job Advert**23rd October 2017**

Nile Breweries Limited, a leading beverage company in Uganda and subsidiary of ABInbev the leading brewing group in the world seeks to recruit highly motivated, results oriented and dynamic candidates for the post below. Our Africa dream is to create the ideal company, one which grows a lot, is super-efficient, which everyone loves to work for and, very importantly, makes a real difference in society :-

Systems Administrator (One Position) Salary Grade: H Duty Station: Mbarara

The System Administrator will render IT support through the effective provisioning, installation, configuration, operation, and maintenance of systems hardware and software and related infrastructure. The incumbent ensures that system hardware, operating systems, software systems, and related procedures adhere to organizational values, policies and practices. The job holder will be accountable for the Linux and Windows systems that support Nile Breweries Limited infrastructure and Application systems.

Duties and Responsibilities:

- Support LANs, WANs, network segments, Internet, and intranet systems.
- Maintain system efficiency.
- Ensure design of system allows all components to work properly together.
- Maintain network and system security.
- Monitor networks to ensure security and availability to specific users.
- Identify user needs and recommend necessary actions.
- Maintain integrity of the network, server deployment, and security.
- Ensure network connectivity throughout LAN/WAN infrastructure is on par with technical considerations.
- Design and deploy networks (network address assignment, routing protocols and routing table configuration).
- Assign configuration of authentication and authorization of directory services.
- Maintain network servers such as file servers, VPN gateways, and intrusion detection systems.

- Administer servers, desktop computers, printers, routers, switches, firewalls, phones, software deployment, security updates and patches.
- Install new / rebuild existing servers and configure hardware, peripherals, services, settings, directories, storage, etc. in accordance with standards and project or operational requirements.
- Perform daily system monitoring, verifying the integrity and availability of all hardware, server resources, systems and key processes, reviewing system and application logs, and verifying completion of scheduled jobs.
- Perform regular security monitoring to identify any possible intrusions.

Qualifications, Skills and Experience

- The ideal candidate for the System Administrator vacancy should hold a Bachelor's degree in Computer Science, Information Systems, Computer Engineering or a related field.
- Systems Administration certification from a recognized institution such as MCSA, MCSE, CCNA is an added advantage.
- A minimum of two years' IT experience and attained appropriate training in Systems administration or engineering specifically in Linux/Unix and Windows.
- Detailed working knowledge of common databases such as Oracle and MySQL should have undergone appropriate training in network management.
- Ability to work independently and to take emergent decisions on his/her own.
- Ability to work long hours including weekends and public holidays.

The Company will offer a competitive remuneration package to the successful candidates. Candidates that have relevant experience, know that they meet the above criteria and have what it takes to excel in the above position, should please send their CVs, which should include details of email address (if any), present position and Certificate/testimonials to the undersigned or email address recruitmentug@ug.sabmiller.com or recruitmentug@ug.ab-inbev.com not later than **30th October 2017**.

Nile Breweries Limited is an equal opportunities employer, and we promote gender equity in the company
