

Nile Breweries donates to Fire station Kiira Region

Jinja, 2nd August, 2018-Nile Breweries Limited donated an assortment of items towards the renovation of the Kiira Region Police Fire Station in Jinja.

The donation of paint, plastic chairs, beds, mattresses, blankets, bed sheets and bathroom shower heads, followed an appeal by the station.

“In all our operations; ‘safety first’ is the key guiding principle, so your appeal was preaching to the converted,” said Onapito-Ekomoloit, the Nile Breweries Legal & Corporate Affairs Director.

He said the company had internally invested in training and equipment for fire preparedness, but needed police for wider community safety.

“We have had long standing partnership with the police on safety issues, including promoting smart drink,” he said.

The Chief Fire Officer Kiira Region, ASP Collin Agaba, received the items.

“The police fire preparedness pressure has increased tremendously, and this support will help us greatly,” ASP Agaba said.
